**Re: *Ex Parte* Presentation
WT Docket No. 00-230**

Dear Ms. Dortch:

On December 6, 2002, the Cellular Telecommunications & Internet Association ("CTIA"), represented by Diane Cornell, Vice President for Regulatory Policy, accompanied by Luisa Lancetti, Vice President, Regulatory Affairs, Sprint PCS, Bob Calaff, Senior Corporate Counsel, T-Mobile, and Charla Rath, Director of Spectrum and Public Policy, Verizon Wireless, met with Bryan Tramont, Senior Legal Advisor to Chairman Powell, to discuss issues in the pending Secondary Markets Proceeding. The parties discussed the fact that wireless carriers would prefer to *see* the current restrictions on leasing eased, and in particular argued that the Intermountain standard is unnecessarily restrictive. The carriers suggested that a simple notification procedure would be an appropriate means of informing the Commission of which entity is leasing spectrum from a licensee.

Pursuant to Section 1.1206 of the Commission's Rules, an original and one copy of this letter is being filed with your office. If you have any questions concerning this submission, please contact the undersigned.

Sincerely,

Diane J. Cornell
